

SIERRA MACINTOSH USERS GROUP

February 2012

www.sierramacintoshusersgroup.org.

Founded for the purpose of increasing the knowledge of Macintosh users in the use of their computers and software

Founded March 15th, 1995

We will meet in February in the Murphys Library Tuesday February 14

SMUG meets in its winter home and schedule, Tuesday, February 14, 2 p.m., in the community room of the Murphys Library, 480 Park Lane, adjacent to Murphys Park.

February's focus: MACWORLD

Paul Keaton will report on Macworld - iWorld, the nation's premier event focused solely on the Apple products platform.

This year's Macworld - iWorld was held January 26-28 in San Francisco's Moscone Center. Mac users and buyers, top media outlets and industry experts come to this event annually for the unique value that comes from meeting face-to-face,

seeing new products, experiencing an acclaimed technical training and educational program and participating in cultural and social opportunities that set the agenda for the Apple products industry

We also hope to hear from other members who may have attended iWorld and brought back new knowledge and tips.

In addition to Keaton's presentation, he and other SMUG members will be on hand to answer the wide range of computer-related questions you bring to the meeting. "One of the great things about SMUG is that we all learn from each other," says SMUG president Dick Cross. "The computer world is ever changing so there is an unending supply of questions. Hopefully, together we can provide answers."

We welcome Denise Summerset to our Regional Help Desk team. She is located in Arnold/Hathaway Pines—and can also respond to questions from all of us in the SMUG region.
