"Founded for the purpose of increasing the knowledge of Macintosh users in the use of their computers and software"

Founded March 15th, 1995

**Meeting:
Tuesday, January 11th**

SMUG JANUARY MEETING TO ADDRESS MEMBERS' QUESTIONS

For those lucky users who received a new Apple computer for Christmas, or for others who are being vexed by their somewhat older Macs, The Sierra Macintosh Users Group (SMUG) will attempt to solve problems during a Question and Answers session, Tuesday, January 11, beginning at 2 p.m. in the community room of the Murphys Library, 480 Park Lane, adjacent to Murphys Park.

A number of experienced SMUG members will be on hand to pool their knowledge and address the questions raised.

"One of the great things about SMUG is that we all learn from each other," says SMUG president Dick Cross. "The computer world is ever changing so there is an unending supply of questions. Hopefully, together we can provide answers."

SMUG meetings are open to everyone and there is no charge to attend. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. Annual dues are \$15. For more information visit the SMUG website at www.SierraMacintoshUsersGroup.org or call 795-3798 or 728-9012.
