

SIERRA MACINTOSH USERS GROUP

MEETING JUNE 10, 2014

www.sierramacintoshusersgroup.org.

Founded for the purpose of increasing the knowledge of Macintosh users in the use of our computers and software

Founded March 15th, 1995

Meeting will be on the second Tuesday of June at 7:00 pm.

We will meet in the [Arnold Firehouse](#)

Getting to the Arnold Firehouse EPFD Station 1 on Blagen Road in Arnold:

The street address is 1037 Blagen Road in Arnold. It is between the Post Office and the Library on Blagen. To reach it you come up (or down) Hwy #4 into Arnold. When you reach the Chevron Station on the left hand side (coming up), you make a gentle left turn onto Blagen Road, which will take you past Ace Hardware and the Post Office. The Station is on the left hand side and is the big building full of Fire Engines if they are not out on a call. To park, drive to the right hand side of the building and into the parking area in the back. If all the spaces are full in the black top area use the gravel area to the right after you pass by the building. The building we use is in the back, and its entrance is a door with a window; it's a classroom.

TOPIC OF JUNE 10 SMUG MEETING:

APPLE PRODUCTS WORKING TOGETHER

How to get your Apple products to work together will be the kick-off topic when the Sierra Macintosh Users Group (SMUG) has its monthly meeting Tuesday, June 10 beginning at 7 p.m. in the assembly room of the Ebbetts Pass Fire District, 1037 Blagen Rd., just off Highway 4.

Brian Thomas, Director of Instructional Technology for the Tuolumne County Superintendent of Schools, will be making the presentation. Highly popular with SMUG members, Thomas has a habit of taking the stated topic and expanding it and moving into entertaining and informative divergent areas.

"Most iMac users also have iPads, iPhones and other electronics," says Thomas. "We will look at how these can all interact to get the optimum computer related experience."

SMUG meets the second Tuesday of each month. Meetings are open to everyone and there is no charge to attend. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. Annual dues are \$15. For more information visit the SMUG website at www.SierraMacintoshUsersGroup.org or call 795-3798 or 728-9012.
