

**SIERRA MACINTOSH USERS GROUP**

**March 2012**

[www.sierramacintoshusersgroup.org](http://www.sierramacintoshusersgroup.org).

**Founded for the purpose of increasing the knowledge of Macintosh users in the use of their computers and software**

Founded March 15th, 1995

**We will meet in **March** in the Murphys Library  
Tuesday March 13**

**SMUG continues in its winter home and schedule, Tuesday, March 13, 2 p.m., in the community room of the Murphys Library, 480 Park Lane, adjacent to Murphys Park.**

**March agenda:**

**iTunes**

SMUG president Dick Cross will be making the presentation and leading our discussion about the many features Apple builds into its heavily used, multi-feature iTunes application. "In addition to providing access to thousands of recordings of all types of music, iTunes can lead you to a bunch

of other neat destinations including movies and podcasts. iTunes U offers university level courses in everything from religion and astronomy to algorithms and trigonometry.” Have you iTunes applications to share?

In addition, SMUG members will be on hand to answer the wide range of computer-related questions you bring to the meeting. “One of the great things about SMUG is that we all learn from each other,” says SMUG president Dick Cross. “The computer world is ever changing so there is an unending supply of questions. Hopefully, together we can provide answers.”

It’s not a cliché for us that “No question is too (simple, dumb, off-the-wall, etc.). At our February meeting members’ questions (a lot of them!) engendered useful solutions and new information for a lot of us (esp. ye Ed).

### ***Smug business note***
