MEETING March 10, 2015

www.sierramacintoshusersgroup.org.

Founded for the purpose of increasing the knowledge of Macintosh users in the use of our computers and software

Founded March 15th, 1995

Meeting from 2 to 4 p.m. in the community room of the Murphys Library

iTUNES WILL BE THE MAIN TOPIC AT SMUG'S MARCH MEETING

All the features offered by Apple's popular **iTunes** application will be the main topic at the next meeting of the Sierra Macintosh Users Group (SMUG) to be held, Tuesday, March 10, from 2 to 4 p.m. **in the community room of the Murphys Library, 480 Park Lane, adjacent to Murphys Park.**

The application has many functions. It is a [media player](#), media library, and online radio broadcaster used to play, download, and organize digital [audio](#) and video on personal computers and other electronic devices. Through the [iTunes Store](#), users can purchase and download music, music videos, television shows, [audiobooks](#), [podcasts](#), and movies.

Paul Keaton, a computer guru and also the club's treasurer, will be making the presentation and fielding questions on this and other Apple related questions. (He will also be accepting annual dues of \$15 from members.)

SMUG meetings are open to everyone and there is no charge to attend. The organization exists to keep Apple users abreast of the latest developments and to address the nagging

questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Mac products possess.

This will be the last meeting this year in the afternoon at Murphys. Starting with April, meetings will be 2nd-Tuesday evenings in Arnold, in the training classroom of the Arnold Firehouse EPFD Station 1 on Blagen Road. (Directions in next month's newsletter.)

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. For more information visit the SMUG website at www.SierraMacintoshUsersGroup.org or call 795-3798 or 728-9012.
