

SIERRA MACINTOSH USERS GROUP

**November 2013**

[www.sierramacintoshusersgroup.org](http://www.sierramacintoshusersgroup.org).

**Founded for the purpose of increasing the knowledge of Macintosh users in the use of their computers and software**

Founded March 15th, 1995

**We will meet in **November** in the Arnold Firehouse**

**Tuesday, November 12th  
7 pm**

**Getting to the Arnold Firehouse EPFD Station 1 on Blagen Road in Arnold:**

The street address is 1037 Blagen Road in Arnold. It is between the Post Office and the Library on Blagen. To reach it you come up (or down) Hwy #4 into Arnold. When you reach the Chevron Station on the left hand side (coming up), you make a gentle left turn onto Blagen Road, which will take you past Ace Hardware and the Post Office. The Station is on the left hand side and is the big building full of Fire Engines if they are not out on a call. To park, drive to the right hand side of the building and into the parking area in the back. If all the spaces are full in the black top area use the gravel area to the right after you pass by the building. The building we use is in the back, and its entrance is a door with a window; it's a classroom.

## **Mavericks**

Denise and Seth Summersett (Our Help Desk people for Hathaway Pines and Arnold—see below) will present information about the new OS, Mavericks. They will take questions about Mavericks from the floor. If you have Mavericks and are planning to attend the meeting (please do!), please plan to provide answers from your experiences about this new package.

In addition, as with every meeting, the floor is open for questions of all sorts about Mac—hardware, software and systems questions. We attendees turn out to have lots of experience(s) and will share them with you.

## **From Norm:**

Norm Milsner offers the following about Mavericks:

### TIME NEEDED TO INSTALL MAVERICKS

Mavericks (OSX 10.9) is available from the Apple Store for FREE.

I hooked up my MacBook Pro to the internet by Ethernet (not wireless).

Started at 9:40 AM, download started.

Needed to start additional installation process at 10:10AM (Because of this step you must be at your computer while downloading).

Finished at 11:15 AM

Your computer will re-start after completion of the install.

After re-start, another 10 minutes to go.

Completed at 11:30 AM.

Programs that are not comparable are listed, you can contact the company for an update if necessary.
