### **SMUG MOVING BACK TO ARNOLD APRIL MEETING TO EXPLORE MYSTERIES**

The Sierra Macintosh Users Group (SMUG) will be moving to its warm-weather meeting place in Arnold for its Tuesday, April 12 meeting that will begin at 7 p.m. in the assembly room of the Ebbetts Pass Fire District, 1037 Blagen Rd., just off Highway 4.

Brian Thomas, Technology Specialist and Trainer for the Calaveras County Office of Education will be making the presentation and leading the discussion. He will explore the mysteries behind the many icons and symbols that appear on the desktop and the Applications folder. As is always the case with these meetings, there will be subjects covered and questions answered that are not on the agenda.

“We are basically an optimistic group and feel that this stormy up-county weather will clear before our meeting,” states SMUG President Dick Cross. “We are very appreciative that the Murphys Library has provided us a winter home, but it is time to get back to our regular schedule.”

SMUG meets the second Tuesday of each month. Meetings are open to everyone and there is no charge to attend. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. Annual dues are \$15. For more information visit the SMUG website at [www.SierraMacintoshUsersGroup.org](http://www.SierraMacintoshUsersGroup.org) or call 795-3798 or 728-9012.
