

SIERRA MACINTOSH USERS GROUP

September 2012

www.sierramacintoshusersgroup.org.

Founded for the purpose of increasing the knowledge of Macintosh users in the use of their computers and software

Founded March 15th, 1995

We will meet in **September and through the summer and fall in the Arnold Firehouse**

**Tuesday, SEPTEMBER 11th
7:00 pm**

**Getting to the Arnold Firehouse
EPFD Station 1 on Blagen Road in Arnold:**

The street address is 1037 Blagen Road in Arnold. It is between the Post Office and the Library on Blagen. To reach it you come up (or down) Hwy #4 into Arnold. When you reach the Chevron Station on the left hand side (coming up), you make a gentle left turn onto Blagen Road, which will take you past Ace Hardware and the Post Office. The Station is on the left hand side and is the big building full of Fire Engines if they are not out on a call. To park, drive to the right hand side of the building and into the parking area in the back. If all the spaces are full in the black top area use the gravel area to the right after you pass by the building. The building we use is in the back, with an entrance with a door with a window--it's the classroom.

From our VP, Bob Reagan:

GETTING THE MOST FROM IPHOTO IS SMUG'S SEPTEMBER 11 TOPIC

Making the most of all the features of iPhoto will be the main topic of the next meeting of the Sierra Macintosh Users Group (SMUG) to be held Tuesday, September 11 at 7 p.m. in the assembly room of the Ebbetts Pass Fire District, 1037 Blagen Rd., just off Highway 4.

Phill Hoxie, SMUG's Apple Ambassador, will help members explore how the popular application can facilitate photo retouching and organization, including using such features as Faces and Library Manager. He will also demonstrate Picture Collage Maker, software that can extend the design capabilities of iPhoto.

As is always the case at SMUG meetings, questions on all Mac related issues will be encouraged.

SMUG meets the second Tuesday of each month. Meetings are open to everyone and there is no charge to attend. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. Annual dues are \$15. For more information visit the SMUG website at www.SierraMacintoshUsersGroup.org or call 795-3798 or 728-9012.

Members: *If you have friends or acquaintances with Mac who aren't SMUG members, you might forward this newsletter to them, inviting them to join us.*

Also,

This newsletter can be a way for you to reach our 145 members if you have a need (hardware? software? other?) or want to share Mac news and information with us but can't get to a meeting. While we invite and urge you to come to our meetings, as you have seen in earlier issues, other members do indeed share here. The newsletter gets assembled about ten days to two weeks before each meeting: this defines our "deadline." Ye Ed.
