

SIERRA MACINTOSH USERS GROUP

MEETING SEPTEMBER 9, 2014

www.sierramacintoshusersgroup.org.

Founded for the purpose of increasing the knowledge of Macintosh users in the use of our computers and software

Founded March 15th, 1995

**Meeting will be on the second Tuesday
of SEPTEMBER at 7:00 pm.**

We will meet in the [Arnold Firehouse](#)

**Getting to the Arnold Firehouse EPFD Station 1 on
Blagen Road in Arnold:**

The street address is 1037 Blagen Road in Arnold. It is between the Post Office and the Library on Blagen. To reach it you come up (or down) Hwy #4 into Arnold. When you reach the Chevron Station on the left hand side (coming up), you make a gentle left turn onto Blagen Road, which will take you past Ace Hardware and the Post Office. The Station is on the left hand side and is the big building full of Fire Engines if they are not out on a call. To park, drive to the right hand side of the building and into the parking area in the back. If all the spaces are full in the black top area use the gravel area to the right after you pass by the building. The building we use is in the back, and its entrance is a door with a window; it's a classroom.

HIGH SPEED INTERNET IS THE FOCUS OF OUR SEPTEMBER 9 SMUG MEETING

Darrel Slocum, Marketing Director for the Central Sierra Connect Consortium, will explain what steps his organization is taking to bring high speed internet throughout the area. CSC is a collective of influential local leaders, including members from the Boards of Supervisors in three counties, business owners, Internet service providers, and community members working toward widespread broadband Internet access and a high level of digital literacy in the Sierra Foothills.

Seth Summersett, a professional computer programmer and member of SMUG, will build on what the consortium is doing and how it affects Mac users. He is a graduate of Bret Harte High School who has gone on to earn a masters degree in computer science. He will be assisted by his mother, Denise, who is one of SMUG's registered gurus. Summersett will also give tips on how to get the most out of your iMac or iPad. As always, ANY computer questions will be welcomed and encouraged.

SMUG meets the second Tuesday of each month. Meetings are open to everyone and there is no charge to attend. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. Annual dues are \$15. For more information visit the SMUG website at www.SierraMacintoshUsersGroup.org or call 795-3798 or 728-9012.
