MANAGING PASSWORDS AND EMAILS

SMUG'S JANUARY TOPICS

Managing passwords and emails will be among the topics covered when the Sierra Macintosh Users Group (SMUG) holds its monthly meeting, Tuesday, January 13, from 2 to 4 p.m. in the community room of the Murphys Library, 480 Park Lane, adjacent to Murphys Park.

Because of iffy weather conditions in higher altitudes, SMUG moves its regular meeting site from its regular Arnold location to Murphys for the months of January, February, and March.

Norm Milsner, one of the founders of SMUG, and a recognized Apple guru, will be making the presentation and responding to questions. All owners of iMacs, iPads, and iPhones are encouraged to take part in the exploration of all things Apple.

SMUG meetings are open to everyone and there is no charge to attend. The organization exists to keep Apple users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Mac products possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. Annual dues are \$15. For more information visit the SMUG website at www.SierraMacintoshUsersGroup.org or call 795-3798 or 728-9012.
