### **EXPLORING EL CAPITAN WILL BE ON THE OCTOBER 13 SMUG MEETING AGENDA**

El Capitan and iOS 9, Apple's latest operating systems, will be the center of attention at the next meeting of the Sierra Macintosh Users Group (SMUG) to be held Tuesday, October 13, beginning at 7 p.m. in the assembly room of the Ebbetts Pass Fire District, 1037 Blagen Rd., just off Highway 4.

Brian Thomas, Director of Innovation for Tuolumne County Superintendent of Schools, will be making the presentation. He will show how to connect with these new systems and how to take advantage of their many features. Time permitting, he will also talk about viruses, how to avoid them, and what to do if they are discovered.

As always, questions from attendees will be encouraged on these topics and any other iMac, iPad or iPhone related issues.

SMUG meets the second Tuesday of each month. Meetings are open to everyone and there is no charge to attend. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. Annual dues are \$15. For more information visit the SMUG website at [www.SierraMacintoshUsersGroup.org](http://www.SierraMacintoshUsersGroup.org) or call 795-3798 or 728-9012.
