### **YOSEMITE TO BE EXPLORED AT NOVEMBER SMUG MEETING**

Seth Summersett, a professional computer programmer, will take members on an extensive tour of Yosemite, Apple's newest Mac operating system, when the Sierra Macintosh Users Group has its monthly meeting Tuesday, November 11 beginning at 7 p.m. in the assembly room of the Ebbetts Pass Fire District, 1037 Blagen Rd., just off Highway 4.

A graduate of Bret Harte High School, who went on to earn a masters degree in computer science, Summersett will guide the group through the many facets of the system and demonstrate how to get the most out of its features. He will also show the continuity features of iOS 8, Yosemite's cousin that powers Apple's mobile devices.

SMUG meets the second Tuesday of each month. Meetings are open to everyone and there is no charge to attend. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. Annual dues are \$15. For more information visit the SMUG website at [www.SierraMacintoshUsersGroup.org](http://www.SierraMacintoshUsersGroup.org) or call 795-3798 or 728-9012.
