MAVERICS WILL BE TAMED AT NOVEMBER 12 SMUG MEETING

Getting the most out of Mavericks, Apple's newest OS X operating system, will be the goal when the Sierra Macintosh Users Group (SMUG) gathers for its Tuesday, November 12 meeting that will begin at 7 p.m. in the assembly room of the Ebbetts Pass Fire District, 1037 Blagen Rd., just off Highway 4.

Seth Summersett, a professional computer programmer, will be making the presentation and engaging members in a discussion of the new system. He is a graduate of Bret Harte High School who has gone on to earn a masters degree in computer science. He will be assisted by his mother, Denise, who is one of SMUG's registered gurus.

Maverics is named after one of the world's premiere surfing areas, located off the coast of Northern California near the town of Half Moon Bay.

SMUG meets the second Tuesday of each month. Meetings are open to everyone and there is no charge to attend. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. Annual dues are \$15. For more information visit the SMUG website at www.SierraMacintoshUsersGroup.org or call 795-3798 or 728-9012.
