PHOTOS WILL BE MAIN TOPIC OF SMUG'S MAY MEETING

Exploring the many facets of Apple's Photos application will be the main topic when the Sierra Macintosh Users Group (SMUG) has its monthly meeting Tuesday, May 10, beginning at 7 p.m. in the assembly room of the Ebbetts Pass Fire District, 1037 Blagen Rd., just off Highway 4.

SMUG president Dick Cross, who has amassed tens of thousands of pictures in his personal collection, will make the presentation and attempt to answer all the pertinent questions from those in attendance. He will talk about editing, sharing, and storing those cherished photographs taken by your iPhone, iPad, or camera.

As always, questions about any Apple product or application will be welcomed.

SMUG meets the second Tuesday of each month. Meetings are open to everyone and there is no charge to attend. The meetings are held in Arnold except for the winter months when they move to the Murphys Library. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. For more information visit the SMUG website at www.SierraMacintoshUsersGroup.org or call 795-3798 or 728-9012.
