PHOTOS WILL BE MAIN TOPIC OF SMUG'S JUNE MEETING

Exploring the many facets of Apple's Photos application will be the main topic when the Sierra Macintosh Users Group (SMUG) has its monthly meeting Tuesday, June 13, beginning at 7 p.m. in the assembly room of the Ebbetts Pass Fire District, 1037 Blagen Rd., just off Highway 4.

SMUG president Dick Cross, who has amassed tens of thousands of pictures in his personal collection, will make the presentation and attempt to answer all the pertinent questions from those in attendance. He will talk about editing, sharing, and storing those cherished photographs taken by your iPhone, iPad, or camera. He will also emphasize the importance of always backing up files.

As always, questions about any Apple product or application will be welcomed.

SMUG meetings are designed for dues paying members but anyone is welcome to attend to see if they would like to join the group. SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. It meets the second Tuesday of the month, January through November. Annual dues are

\$20 for an individual or couple payable at the first of the year. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs possess.

For more information visit the SMUG website at www.SierraMacintoshUsersGroup.org or call 795-3798 or 728-9012.
