TAKING YOUR APPLE ON THE ROAD AUGUST 11 SMUG MEETING TOPIC

Tips and tricks for taking your Apple product on the road will be explored when the Sierra Macintosh Users Group (SMUG) has its monthly meeting Tuesday, August 11, beginning at 7 p.m. in the assembly room of the Ebbetts Pass Fire District, 1037 Blagen Rd., just off Highway 4.

With vacation time and world-wide travel, Brian Thomas, Director of Instructional Technology for the Tuolumne County Superintendent of Schools, will lead an exploration of what is needed to make use of everything the iMac, iPad, and iPhone have to offer.

“Not all of us travel in the same way,” says Thomas. “I’ll be making several suggestions, but I encourage others to share with us the apps and tools they find useful while traveling.

In addition to the main topic, Thomas will encourage questions about any other Mac related concerns.

“We all learn from the questions people bring to our monthly meetings,” states SMUG president Dick Cross.

SMUG meets the second Tuesday of each month. Meetings are open to everyone and there is no charge to attend. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. Annual dues are \$15. For more information visit the SMUG website at www.SierraMacintoshUsersGroup.org or call 795-3798 or 728-9012.
