### **MANIPULATING PHOTOS ON SMUG SEPTEMBER AGENDA**

How to edit and improve your photos will be one of the subjects covered when the Sierra Macintosh Users Group (SMUG) holds its Tuesday, September 13 meeting beginning at 7 p.m. in the assembly room of the Ebbetts Pass Fire District, 1037 Blagen Rd., just off Highway 4 in Arnold.

Brian Thomas, Director of Innovation for the Tuolumne County Superintendent of Schools, will demonstrate the many tricks and tools that can be used to make pictures become exactly what the user wants.

As is his wont, Thomas will delve into other aspects of working within the Apple world.

“Brian is always informative and entertaining,” say SMUG president Dick Cross. “No matter how long we have been using our computers, we always learn something new.”

All questions about any Apple product or application will be welcomed.

SMUG meets the second Tuesday of each month. Meetings are open to everyone and there is no charge to attend. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs and other Apple products possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. Dues are \$15 per year. For more information visit the SMUG website at [www.SierraMacintoshUsersGroup.org](http://www.SierraMacintoshUsersGroup.org) or call 795-3798 or 728-9012.
