BRING YOUR APPLE PRODUCT QUESTIONS TO THE SEPTEMBER 8 SMUG MEETING

Owners of Apple computer products who are having trouble getting their iMacs or iPads to do exactly what they would like are encouraged to bring their questions to the next meeting of the Sierra Macintosh Users Group (SMUG) to be held Tuesday, September 8, beginning at 7 p.m. in the assembly room of the Ebbetts Pass Fire District, 1037 Blagen Rd., just off Highway 4.

“From time to time, we all have frustrations with our computers,” states Norm Milsner. “During the meeting we will do our best to address these problems and see if we make things better.”

Milsner, one of the founders of SMUG, and a recognized Apple guru, will be making the presentation and responding to questions. He will be assisted by other SMUG veterans.

“Because of where I live, I do not have an iPhone,” says Milsner. “But a lot of our knowledgeable members do have smart phones so we will try to deal with those concerns also.”

SMUG meets the second Tuesday of each month. Meetings are open to everyone and there is no charge to attend. The organization exists to keep Mac users abreast of the latest developments and to address the nagging questions that arise from time to time. Its goal is to take the mystery out of computers and to enable members to take advantage of all the features their Macs possess.

SMUG was founded in 1995 and is a non-profit organization run completely by volunteers. Annual dues are \$15. For more information visit the SMUG website at www.SierraMacintoshUsersGroup.org or call 795-3798 or 728-9012.
